

Kimi News, Week 4, Term 3, 2015

It has been great to see students engaged in their learning this term. One of our goals is to keep the programme interesting and to ensure the students have lots of motivating experiences to help them reach their potential.

A good example of this is the Topic Group that has started at Naenae. At the moment they are working on woodwork skills. As you can see below, it takes some concentrated effort!
